DIARY NOTES

DD/S

4 January 1966

1. I called John Richardson to advise that the DCI would be unable to give the opening address to the Midcareer Course because of an appointment at the Pentagon. Mr. Richardson is going to try to set up a later date for the DCI to speak to the class. Later, it was suggested that this take place [REDACTED] so that the DCI could review and inspect [REDACTED]

2. [REDACTED] and I briefed the DCI at 3:15 p.m. following his return from vacation. We did not go into any details of DD/S problems and activities but did have a general discussion on broad objectives of the DD/S. There was insufficient time to conduct such a briefing and part of the time available was spent in a general discussion of Agency interests. The DCI did request action on an item referred to as "Army Quick Reaction Capabilities" and he requested a briefing to assure him of the efficiency of our personnel, technical, and physical security programs. The latter are the subject of a separate memorandum.

3. The Executive Director requested the designation of a DD/S Employment Policy Officer to work with Frank Chapin. A designation is in the process.

\* \* \* \*

5. [REDACTED] called and asked whether we had any position for [REDACTED] where he could be usefully employed. This followed a prior conversation and I advised that we would check and call. Our previous discussion was predicated on the fact that [REDACTED] could carry his own slot for our use for approximately 20 months until his retirement.

6. I advised Dr. Wheelon that the DD/S had no position for [REDACTED] who presumably is going to be surplus to DD/S&T.
